What Happens After You Call?

The destination state will contact you to ensure your boat is inspected, and if necessary, decontaminated, before or upon arrival to its destination.

Why is This Important?

Call Before You Haul prevents unnecessary delays for you and your customers and ensures you will not be violating state or federal laws pertaining to unlawful transport of invasive species.

Prevent Delays

Aquatic invasive species hitchhike on boats, trailers, and motors in both visible and hidden locations. Trained professionals will inspect and certify your boat to prevent costly delays.

A commercial trucking company, or hauler, may be held legally responsible for violations of state law and the federal Lacey Act if a company driver is intercepted hauling a vessel infested with quagga or zebra mussels. Boat brokers may also be held liable if the broker contracts with an independent contractor to haul a contaminated watercraft across state lines. Save yourself costly delays - **Call Before You Haul** to ensure your destination state can provide you with the services needed to inspect your cargo. One toll-free call notifies all four western states.
